

GENERATE REVENUE YOUR WAY.

It's easy to turn your EV charging investment into revenue generation with Atom EV's mobile control dashboard. Hosts can access our easy-to-use EV mobile control solution through an installed mobile app or app-less platform. You can define payment cycles, rate schedules, membership options, and control charging station access.

Set Your Terms

- Charge by Session
- Charge by Day
- Charge by Month

Remotely Control Your Stations

- Set Schedules
- Charge Idle Fees
- Manage Assigned Spaces

Smart Insight Reporting

- View Session Data
- Usage Metrics
- Driver Revenue

MAXIMUM CONVENIENCE FOR YOUR EV DRIVERS.

Provide a seamless charging experience for your EV drivers with Atom EV's driver app. Your EV drivers can easily set their payment preferences, locate available charging stations, reserve charging times, and reach customer support 24/7 through a convenient mobile app.

- Locate Charging Stations
- See Station Wait Queues
- Reserve Charging Station
- Easy Payment Management
